HOW TO SOLVE

Each puzzle hides a themed list of words in a grid of letters. Find every word from the list. Words run across, down, and diagonally, and they can read forward or backward.

- Tap a theme on the Index to jump to that puzzle.
- Tap Answers at the bottom of a puzzle to check it, then tap Index to go back.
- Circle the words you find with the pen. The tap links respond to a finger, not the pen.
